

December 15, 2010

Access and Riding conditions have really improved over the last week and we are now able to work on our regular schedule. Riders are reporting good snow in all three areas, setting us up for a great weekend of riding !

Please check out the VARDA website at [www.valemountrecdevelopment.com](http://www.valemountrecdevelopment.com) for area information, maps and google earth links to the managed snowmobiling areas.

---

Allan Creek – Will be Groomed on Wednesday, Friday, Saturday and Sundays throughout the week as conditions permit. PLEASE try to work with us BY RIDING RESPECTFULLY and NOT ICING UP THE CORNERS. This will cause further delays in grooming of this trail.

Clemina Creek – Will be Groomed on Wednesday, Friday, Saturday and Sundays throughout the week as conditions permit from 4km (due to low snow levels on the paralleling trail) to the cabin and if conditions allow, we will continue to the bottom of the Goat Ridge Trails.

Chappell Creek: Will be groomed weekly on Thursdays and trail passes will be required for Friday and Saturday (user numbers depending)

Keyhole: There is logging in this area so the trail system is being plowed, radio contact is a must if you insist on driving up this road

**Due to unforeseen circumstances, statements and dates may change !**

---

Use your head and MAKE IT HOME! Be aware of your surroundings and know the snow conditions in the area. Check your Avalanche conditions before heading out at **[www.avalanche.ca](http://www.avalanche.ca)**

Please report any Caribou sightings to VARDA office at 250-566-4817 or use the drop box attached to the Kiosks in the staging areas.
