

Avalanche Skills Training 1

\$325.00 / person + Taxes (min 4)

AST1 is an industry certified course based on the guidelines and specifications of Avalanche Canada, and is a **MUST** for anyone recreating in the backcountry. Frozen Pirate specializes in small private classes, specific to you and your riding group.

Students will participate in a minimum of 7 hours of class time and one full day in the field. Typically the class time is split into two separate sessions on Friday and Saturday nights, with the field day on Sunday. This option allows students to ride on their own for a day on the Saturday... **or better yet**, turn it into an AST1 Weekender to add a day of amazing guided sledding into the middle of the course.

AST1 Weekender

\$450.00 / person + Taxes (min 4)

This is an extended version of the standard AST1 course. The Weekender includes 7 hrs of class time, one full AST1 course field day and one extra day of guided mentorship / riding on the mountain. This allows for a good mixture of learning and implementing new skills while still getting to burn some gas and enjoy the backcountry for which Valemount is famous.

Companion Rescue Skills Course

\$500.00 + Taxes (no min, additional fees apply for groups larger than 4)

The vital skills covered in this one day course are a "must have" for all backcountry recreationists. The **CRS** course is a great refresher for those who have previous training in either AST1 or AST2. The course takes place in the field and includes lessons on transceiver functions, rescue techniques, multiple burials, organizing a rescue, etc.

Avalanche Mentorship Day

\$500.00 + Taxes (no min, additional fees apply for groups larger than 4)

Avalanche education should not stop when you have completed your AST1. Practice and continued use of your avalanche knowledge and companion rescue skills are essential to a lifetime of safe travel in the backcountry. If you have completed AST1 but are not feeling ready for AST2, a **Mentorship day** may be just what you need. Mentorship days are on mountain sessions with instruction and a continuous focus on terrain management and avalanche safety. Mentorship days are very customizable to you and your group's needs.

Professional Guide Service

\$500.00 + Taxes (additional fees apply for groups larger than 4)

Your time in the mountains is limited by today's busy lifestyle, so why not make the most of your time here and take advantage of Frozen Pirate's years of experience in the local terrain. Let long time mountain shredder, Curtis Pawliuk, show you **the best our valley** has to offer. Whether you are after easy and open alpine riding, aggressive fresh lines, or a technical day of tree bashing we have you covered. Frozen Pirate can put together a custom day for you and your group that will be certain to impress.

**Have a difficult or unique schedule? No problem!
